Programming is something anyone can do with IT skills, but it is difficult to find a programmer who can work on a client's project clearly and neatly. My passion is to create beautiful, intuitive websites and applications, and to develop elegant solutions to complex problems in web developing. An innovative and passionate software engineer with a unique ability to understand business needs and translate them into development apps. In previous roles as team lead developer, developed strong project management and communication skills.

Professional Experience

July 2021 - May 2022	FULL-STACK DEVELOPER Confidential
	Working as as Full Stack engineer spending 70% of time working on front end and 30% on back end development.
